England, was the pre-convention manager for President Coolidge and has been one of his intimate political and personal friends for many years. He has followed the President's career with all the interest and assistance he could give and after the Cleveland convention became chairman of the Republican committee at the request of the President.

Just now Chairman Butler is the recipient of congratulations from all portions of the country on the wonderful campaign for the election of Calvin Coolidge and a Republican Senate and House. Apathy and indifference were overcome and the greatest popular vote in the history of the United States gave President Coolidge such an indorsement that all uncertainty about the indorsement of his policy of common sense and constitutional government was answered with a landslide for the Republican candidates.

The appointment of Mr. Butler as the successor of the late Senator Brandegee in Connecticut at a special election on December 16 will add greatly to the strength and virility of the Republican forces in the Senate and insure co-operation and aupport of the phins of President Coolidge for his administration along the lines of the fight indicated by the election returns.

Girl Calls on Katz Just After Tragedy Occurs

Katz was a singer and an accomplished violinist, according to his friends. He numbered many motion-picture and stage people among his friends. In Hollenbeck Heights he had a wide acquaintance, which knew him as a wealthy and successful real estate operator. His friends declared that he was in the habit of carrying large sums of money and wearing expensive jewelry, and advanced the belief that a hold-up man bad trailed him and that the murder occurred when Katz resisted an attempt of robbery.

THEATER IN LONDON TO FIGHT TAX DICTAT

Seeks Cabaret Status by Offering Free Seat With Candy Purchase

LONDON, Nov. 10.—The management of one of the principal London theaters today announced

of chocolates a free seat at the play. The cost of the chocolates will range from 10 shillings, entitling the buyer to a seat in the stalls to 15 pence, which will carry a seat in the gallery.

The management explained it was taking this action as a protest against the system which charges a heavy entertainment tax to theaters, but permits the giving of elaborate shows to dinner and supper guests without the payment of such a tax.

The management which originated the checolate idea intends to dery the authorities, it was said, to take action against a theater's selling candy as a food, and giving a free seat to a performance, unless similar action is taken against hotels and restaurants.

LONDON, Nov. 10.—The fur coa and pearls belonging to Lady Terrington, formerly Liberal member of Parliament, were exhibited in court today during the trial of he libel action against a London newspaper for the publication during the 1923 campaign of an

unfit to be a member of Parliament."

The trial was held before Lord Darling, a jurist famous for nis humor, and the spectators were treated, in addition to a view of aristocratic apparel, to a flow of badinage on the part of judge and counsel—and even the former woman Parliament member herself—in which the propriety of wearing fish-colored hose tight skirts and other modern fashion innovations in the staid old Houses of Parliament, was both seriously and lightly discussed.

At the general election remained Mrs. Freeda Marks, Republican, from a Phoenix district, and Mrs. Vernettie Ivy, Hunt Democrat, from a Western Maricopa County district. Both were very active members of the last House. Both were defeated, though by small majorities.
Some familiar faces will be missed. C. H. Rutherford failed of re-election to the Senate from Ya-

Sagehens Rule Favorites to Trim Poets Today in Important Contest on Hadley Field

It looks as though old Pop Warner might give the boys a final guffaw, at that. Before Barring upsets, which have been as plentiful lately as legs on a entipede, Pomona should be returned an easy winner over Whittier in the season opened Stanford was touted as just about a sure today's game on the Quaker gridiron, which is one of the important games on the Armistice Day schedule. An upset would raise a lot of Coast. After the first couple of games the critics got out their axes and started to swing. Now it looks as though Pop would have just about as good a claim for the title as anybody, mebbe better, and certainly not worse than runner-up. That, according to the experts a couple of weeks ago, wasn't even a remote possibility. grief in the way of Pamona's championship hopes, as the Sagehens ar figuring on bowling over Whittier, and then trimming Oxy the 22nd inst. in the final game for the title.

The Whittier gridiron has been the grave yard of many a good Southern California team and the recent rains won't help matters any. The Poets, with their heavy line, will have a slight advantage if the two teams have to resor to nothing but straight football

Prominent Figures in Today's Gridiron Festivities

Nixon will start his best team, which means that the redoubtable Sagehen backfield combination-Merritt, Clark, Bell and McCullywill be doing their stuff behind the line. Ranny Draper, right end, may have to sit on the bench due to an injury. In that case either Cowan or Kittell will get the 'cal

to an injury. In that case either Cowan or Kittell will get the 'call. Worden will be at the other wing berth with Vernon and Baynham as tackles. Roblee is slated for center with Burger and Lang alongside of him.

On paper that aggregation ought to trim the Poets. However, football games aren't won on paper and Coach Perry of Whittier knows it. Against the Pomona outlay he will send the best lineup he can muster from a team rather shot full of injuries. The backfield will probably see Ray Johns at quarter. If their hurts allow them Thompson, Denny and Ferguson will complete the ball-carrying quartet.

Al Madden, one of the best centers in the conference in 1921, will probably start at center. He has been laid up all year with injuries. Rasmussen, hurt in the Caltech game, is Perry's best end and will most likely be ready for the battle, although he hasn't played since meeting the Engineers. The Poet line is large, with such men as Kimmell, Capt. Shafer, the Behnke brothers and Stratton to count on. Shafer has an old injury that will bother him considerably.

off the plunging Red host from Palo Alto.

Just why we don't hear more about this young fellow Carlson at California is a mystery. You can say all you like about smart coaches, but all the brains in the world on the bench won't do much good if there isn't anybody on the Beid who can call the right play at the right time. Calling the right play at the right time is something that Mr. Carlson doesn't do muthin else but.

And, incidentally, Mr. Carlson does more than that. He is a chunky individual weighing close to 180 pounds and he backs up the line like a thunderbolt. He nearly tore Riddle in half several times up at Berkeley and his hard interference running is likewise a help. Andy may wall and weep about his ends and backs getting hurt, but if you want to see Andy really crippled just watch him when Mr. Carlson gets hurt—which we hope he never does.

One fight we'd like to see would be that between Champion Benny Leonard, king of the lightweights, and Joey Benjamin, better known as the Stockton Sheik. This match is in the making. Benjamin being a real favorite here, and Leonard many times having gone that distance many times in the East.

MALTECH TACKLES OXY IN GAME AT ROSE BOWL

Tigers Expect to Get Revenge for Defeat Last Season; Stanton Hopes for Wet Weather

BY HOOKER CROOK

California Tech's battling Engineers will attempt the Herculean task of upsetting the dope and the Occidental Tigers with one mighty blow this afternoon when the rival conference elevens collide in the Pasadena Rose Bowl in one of the most important games scheduled for Armistice Day. The general opinion seems to be that the slide rule isn't quite potent enough to take the measure of the Bengal outfit, but Coach Stanton has been pointing his men at Oxy all season in the hope of repeating last season's victory.

champions battling, the two victors will just about cinch their schedules.

Lincoln and Poly, the big teams in the league, clash on Thursday. Then Manual Arts meets L. A. High the next day. Jefferson goes out to Hollywood High for the concluding game of its schedule.

The Lincoln-Mechanic collision dope, everything points to more about. Two teams, fast, heavy, hard-hitting and fighting for the city bunting are going to provide some thrills for the boys who et in the bleuchers. Even Ole Man Dope doesn't throw any light on the subject. Although comparative scores give Coach Voyle Brennan's men a decided edge, they have not run into the competition that the Tigers have. The Mechanics ran wild through two teams that have not won a game this year, while Lincoln only won from each by a single touchdown. If Lincoln wins, they will have played through their schedule undefeated, since this is their last game. On the other hand, if Poly wins, it has yet to meet Los Angeles High. Whose real strength has not yet been proven.

Manual Arts looms a big favorite over Coach Bruce Kirkpatrick's eleven. Experience, weight, speed.

Ritola, who recently returned to this country and plans an indoor campaign which he had hoped would give him a chance to compete against Nurmi, is at his best at distances of 5000 meters, or three miles up. Nurmi has shown his ability to break records at distances of one to seven miles, but over half-mile and mile routes he would eliminate Ritola as his rival and find American talent as his only opposition.

Whether the ill felling which in Paris last summer was said to have existed between Nurmi and Ritola has had anything to do with the former's decision was not revealed in word received here. Bambino Takes a Fancy to Dick Hoppe; Expects to Take Him East

Babe Ruth, Rex Swatus, the horsehide walloper, who has made such a reputation in baseball that he is known throughout the world, has recently decided to take a flyer in another line of sporting activity. The home run king will enter another swatting sport, that of boxing, not, however, as an actual contessant, but rather as the man behind the guns.

This became known resterday when the Bambino gave a luncheon to the sporting editors of the various newspapers of the city at the Biltmore.

During the course of the meal Ruth aunounced that he had taken a particular fancy to Dick Hoppe, who will strut his wares at the Hollywood Legion Stadium against Tonny Carrer Friday night. The big Babe said that he had taken a particular fancy to Hoppe because the little 135-pounder is an ideal combination of a boxer and a fighter. Hoppe packs a wallop equal to that found in the linghty advertised gasotine. He is game and can take punishment, at the same time he keeps the bean active while he is the ring.

Declares in Luncheon to World Flyers That War's Lesson Soon Forgotten

(BT A. P. NIGHT WIRE) CHICAGO, Nov. 10.—The Ameriof national defense and "almost some of the World War," Brig.-Gen. James A. Drain, national commander of the American Legion, said here today at a Legion luncheon attended by two of the United States Army world flyers, Capt. Lowell H. Smith and Lieut. Leslie Arnold.

Lowell H. Smith and Lieut. Lesile Arnold.

"I cannot emphasize too much," he said, "the necessity of perfecting our national defense, even while we are talking peace at this celebration of the Armistice." The two flyers did not speak formally at the luncheon.

A military ball tonight in their honor completed the round of entertainments for the flyers who have been visiting here since Saturday. They will join their comrades at Belleville, Ill., in a day or two after a short visit in St. Louis, Mo. From Belleville they will fly their plane, the "Chicago," to Dayton, O., in company with their mates. The flyers are en route to Washington.

than 14,000 names were dropped from the government pension roll during the past year, reducing the total to \$25,539. Pensions for 1924 totaled \$229,934,777 or \$33,017,723 less than for the previous year.

Interior Department statistics made public today showed Civil War pensions decreased 21,808 last year and now number 146,515, while widows and dependents of veterans declined from 264,480 in 1923 to 253,136 in 1924.

Epanish-American War pensions, however, increased 16,645 to 35,038, and the number of widow and dependent pensions advanced from 13,167 to 16,104.

342 Douglas Building, Les Angeles

FROM the beginning of time chimneys have been built of brick — because brick in the one building material that is totally unaffected by fire. Furthermore, brick is absolutely immune to the ravages of time or the corrosion of the elements. Because it is built of a multiple of small units, a brick structure absorbs the shock of vibration and impact when less enduring construction cracks and falls.

It is precisely these virtues of brick in emergencies that make brick the one ideal material in all types of building—from the huge office structure to the modest bunga-low.

When you build you owe it to yourself to learn the facts about brick—consult a reputable brick manufacturer—let him tell you of the advantages, the economies and the possibilities of brick—let him prove to you that you can build with brick and still

Juge Summerfield yesterday. She had caused her ex-husband, Charles Swain, to be brought into court on contempt proceedings, asserting that he is behind in alimony payments more than \$2200.

Swain, she told Judge Summerfield, always had a ready excuse to give for failure to keep up the payments. Judge Summerfield continued the case two weeks to give Swain an opportunity to make up the delinquent payments.

As Mrs. Swain No. 1 was walking out of the courtroom she spied Mrs. Swain No. 2, who had waited outside while her husband was pleading inability to pay.

An appraising glance was cast by Mrs. Swain No. 1 on her successor, who was resplendent in a new red hat trimmed with golden braid.

"Well:" sighed the former Mrs. Swain. "I hope she has better luck than I had."

DAILY MARKET LETTER OF THE NEW YORK COMMERCIAL

OIL MARKET

The oil storage situation is becoming acute in Pennsylvania and managers of some of the pipe lines state that aiready it is the most serious in the history of their lines. The situation has been brought on by the fact that producers have been holding their oil during the past few months. The producers have been steadily adding to the amount of their credit in the storage tanks of the pipe-line companies until these tanks have become nearly filled. The pipe-line companies until these tanks have become nearly filled. The pipe-line companies until these tanks have become care of a situation which may not be duplicated again. It is not profitable business to build costly tanks just to store oil in for a short time.

tanks just to store oil in for a short time.

Officials of some of the pipe lines state that their storage is nearly filled and that, if present conditions continue, with producers refusing to sell their production and placing it in storage, it will be necessary to issue an embargo refusing to accept further oil except for immediate shipment.

Profit-taking was the general order of the day in the speculative division of the bond market. Moderate liquidation which has been under way in the gilt-edged division of the market for several days continued, the Liberties showing general fractional losses. The profit-taking in the rails failed to have any important effect upon the general fractional of the several fractional for these bonds, the buying power of the market, being sufficient to absorb all offerings without important declines in prices.

MEVEN NEW RAIDS MADE IN SPIRITUALISTIC INQUIRY

Four Directors of Association Surrender or Are Arrested; Federal Action Looms

Raids on seven purported psychic headquarters; the ar-rest and surrender of four directors of the National Independent Spiritualist Association, Inc., and a host of asserted clairvoy fortune tellers and pseudo-spiritualists; the interviewing by the city prosecutor of several hundred asserted victims of mediumship and necromancy, coupled with the possibility that the widespread use of the United States mails in the purveying of ordination certificates by spiritualist organizations may in-terest Federal officials—these were the developments yester day in Los Angeles' latest inquiry into the activities of those who profess to foretell the future

Bubonic plague is the phase of the disease caused by the bits of rat flees, the germs infecting the glands. Pneumonic cases, a pulmonary infection, originate from bubonic cases. The address where the two supposed bubonic cases were found is in one of the quarantined areas.

Acting Health Commissioner Pascoe yesterday reported to the City Council's finance committee that of the \$25,000 which had been appropriated to battle the pneumonic plague there had been expended to date \$11,385. It was expected that the plague would be so severe that an additional appropriation of \$25,000 would be asked for yesterday, but so successful has been the work of the health authorities in combatting the disease that no additional funds were requested. Body Seeks Injunction to Stop Four From Soliciting Fees; Court Grants Temporary Order

The recent rift in the affairs of the Ku Klux Klan in Southern

The recent rift in the affairs of the Ku Klux Klan in Southern California was brought into Superior Court yesterday in the form of a petition for an injunction to restrain G. W. Price and other from using the name of the Klan in soliciting funds and memberships for his organization.

Price has been generally recognized in Southern California as the State head of the Klan but the petition, which was filed in the name of the "Invisible Empire, Knights of the Ku Klux Klan," asserted of the "Invisible Empire, Knights of the Ku Klux Klan," asserted neither he nor the co-defendants

in the action were ever employed or agents of the organization. HAYS VERIFIES PETITION

HAYS VERIFIES PETITION
The petition was verified by Charles H. Hays, whose reported differences with Price over the affairs of the Kian were said recently to have caused a split in the order. Defendants in the case other than Price were J. C. Whisler, J. R. Bibby and R. C. Flournoy. They were asserted in be associates and agents for Price.

According to Price the action is the result of the suspension order issued by him some months ago when he removed from the organisation represented by him in California the entire membership of the Venice provisional Kian. The petitioners, according to Price, went to Nevada and incorporated there but were not entitled to the charter because at the time they applied for it they were not members of the organisation and had been banished by him.

The years pass and the heart turns ever backward, It is the joy and privilege of oncoming years, the turning backward, ever backward, back into the greatest day in history for the present generation of mankind, November 11, 1918.

Up over the little field hospital the giant enemy planes had hidden in the cloud banks of the evening of November 10. Like buzzards waiting for the dead below, they waited hopeful in their despair of victory for one more raid. I hurried hither and thither among my dying pollus, my gallant patients. Oh, the gentle faces, so young and so full of pathos; childhood pictures of the dear followers of our Savior came into my mind. One poor boy so like John the Baptist that, even in my tired heart, a little gleam of humor was born.

They were so different from the dear American boys in the hospital nearby. It seemed to me that the life blood had flowed from their hearts in their long struggle for France. Only in the eyes of the youths of both nations I saw the puzzled questioning, "Where is my God"? And in a panic I, too, sought a mirror there in the dim little alcove, I sought the anguished took of my soul, seeking and questioning through my eyes. I saw it there. I see it now upon the streets of the busy city and in the country lanes of every country. I age if needs to release the marketon in gallits when marketon in gallits in the country lanes of every country. I

length of time will cause chronic symptoms of poisoning.

The term "carbon monoxide" explains the chemical formula. It is composed of ohe part of earbon combined with one part of earbon combined with one part of exygen. This gas is given off when artificial or natural gas or coal or wood is not burned completely; that is, when sufficient oxygen is not given so that complete combustion ensues, forming a gas containing one-part of carbon to two parts of oxygen instead of one. This gas is called carbon dioxide but is better known as carbonic acid gas.

This carbonic acid gas is not dangerous when breathed in small amounts. It is the same waste gas that is driven off in small amounts from our lungs. When shut up in a room with many people, there is enough carbonic acid gas thrown off to make one feel oppressed and stifled, but one revives quickly in the air. Carbonic acid gas is used to make carbonated waters and in this form it acts as a gentle stimulant to the stomach.

to make carbonated waters and in this form it acts as a sentle stimulant to the stomach.

Carbon monexide, on the other hand, even in small amounts, is very pernicious. Ater breathing this gas one does not recover quickly in the open air, and, if not sufficient to cause death, illness for hours or days may result. As you know, carbon monexide acts so quickly that the victim may be overcome before he realizes his danger. The reason for this is that the monexide actually becomes a part of the red blood corpuscles and retains its hold 30° times longer than does oxygen (Macomb.) A corpuscle so burdened with carbon monexide cannot carry its oxygen, and without oxygen the tissues cannot live.

The acute and chronic poisonings and deaths are mostly caused by gas leaks, gas redistors, gas heater heaters seem to be the most deadly offenders. No matter what type you have, it is best that flues are provided to carry off the fumes.

You Must Hasten Your Gift Selections

Several Lines Have Already Been Withdrawn From Our Special 25% Price Reduction

> We began the month of October with a price cut of 25% on \$2,000,000 worth of Jewelry. The object was to reduce a surplus in certain of our departments.

> Heavy Christmas buying is rapidly accomplishing this purpose. And as fast as the surplus in any line is reduced, we are withdrawing that line from the special offering and resuming regular prices.

> Every time this happens your opportunity to save one dollar out of four is just that much more limited.

> You should act promptly. The opportunity is still the greatest you have ever enjoyed for choosing the finest of gifts at so large a saving.

Diamond gifts, rings, bracelets, brooches, necklaces, pendants, bar pins, cuff links and scarf pins—are still open to you in profusion at one-fourth off.

Hundreds of beautiful, serviceable gifts in our Gold Jewelry Department, a number of high grade pocket watches and our complete line of Silver Plated Ware, are also still subject to 25% reduction.

Every article is of standard Brock and Company quality, and with every purchase goes our utmost effort to make you satisfied with your choice. Let us urge that you begin your selections at once.

Frankfort and A. I. Donlin, exstock brokers, charged with swindling investors in securities, was resumed yesterday before Superior.

Judge Hardy. It is charged that they persuaded investors to exchange valuable stocks for stocks having much less value in the market by misrepresentation.

Witnesses yesterday included George S. Clark, former business associate of the defendants, who told of inside workings in the brokers' office, and M. W. Warman, who asserts he was victimized by the defendants. Warman testified he lost \$4400 in a stock deal with the defendants.

The case is deing prosecuted by Dep. Dist.-Attys. Van Cott and Bonner Richardson.

Actor With Comedian Seven Years Called "Man With Thousand Faces"

"The Man of a Thousand Faces. That's the unique title that has en given Wallace Howe, a member of the Harold Lloyd stock company, who holds an interesting position in the film world. Howe has the distinction of having played more character roles than most any other actor appearing on the screen; and when he isn't working before the camera he usually is engaged making up nomeone else.

It was Howe who arranged the make-up of John Aasen, the glant in Lloyd's "Why Worry," and who saw that Dick Sutherland was properly made-up when he played the Sultan in "A Sailor Made Man" and the tramp in "Grandma's Boy." ber of the Harold Lloyd stock

Howe has been with Lloyd continuously since 1917 when he joined the Rolin organization at the old Court-street studio. He always has been called upon to portray the most difficult characterizations, and in the early days of the one-reclers was known to play three and four different parts. His early training on the stage made it an easy matter for him to play characters in the film, for his stage roles ranged from the light comedy of Fancourt Baberly in "Charley's Aunt" to Judas Iscarlot in "The Holy City."

He played old man Kreisler in "The Pit" at the Alcazar Theater in San Francisco, and subsequently in touring Canada he gave a splendid interpretation of Rip in "Rip Van Winkle."

In 1915 and 1916 he was a mem-

In 1915 and 1916 he was a member of the Morosco company in Los Angeles, under the direction of Fred Butler and Bert Weisner. His stage career koes back to 1900 for its beginning, and in the last twenty-four years he has donned fully 1000 different character make-ups, whence comes his title. In "Grandma's Boy" Howe nlayed Miss Davis's father; in "Why Worry" he was a Lloyd's valet; in "Girl Shy" he was a boottegger, and in "Hot Water" the veteran character actor was cast in the role of on automobile thief.

MANY PREPARATIONS
FOR ARMISTICE BALL

A stage setting with a patriotic tableau and electrical effects will be one of many surprises at the Cinderella Roof's Armistice Ball tonight. A new \$10,000 stage just installed in the roof will make the presentation of such effects possible from time to time. It is equipped with motion-picture machines, motor control curtains and transparent draperies for the colorful and atmospheric stage novelties which are seen in the largest theaters of the country. The Armistice celebration will be featured by a program of martial airs properly syncopated for dancing by Herb Wiedoeft's orchestra.

Danish Director

has returned to Universal City after a brief rest following Mary Philbin's feature, "Fifth Avenue Models," to consult with the scenarists preparing Virginia Valli's next starring vehicle, "Siege," the novel by Samuel Hopkins Adams, announcement of which was made with the return from Europe of Carl Laemmle. The assignment of the Danish director to hundle the new Valli script is considered a high honor, inasmuch as the story is one of the best-known novels of the year. In making the assignment Carl Laemmle stated that the Philbin picture showed Gade to be the outstanding "discovery" of the season among European directors, and much is expected from him in the fluture. Gade first won recognition in Denmark as a stage director, and also as a designer of scenic settings, following which he staged the European film version of "Hamlet," with Asta Nellsen, the Danish star, which was halled throughout the world as one of the most notable picture productions in history.

Miss Valli has just completed her role in "Up the Ladder," which Edward Sloman directed, and in which Forrest Stanley, Margaret Livingston, Holmes Herbert and a number of widely known players appeared.

Gloria Swanson' makes the suggestion and vouches for its merit. So does Ivan Linow, ex-pugilist and wrestler, now famous character actor, who plays a strong man role in Gloria's latest picture, "Wages of Virtue" at the Metropolitan this week.

Linow was provided with music for some of the fight scenes of the picture and declares that the inspiration of a "Motto Perpetue" does liven up the foot action and the punches. If promoters take a leaf out of the book of motion-picture directors, fights set to music may yet be the order of the day!

MISS PEGGY WOOD:

You're certainly the loveliest musical comedy star that has played on a Los Angeles stage.

In your role of Antoinette Allen, the business woman who becomes so charmingly fascinating—you are absolutely adorable. My family feels that "THE CLINGING VINE" is perfectly marvelous and without a doubt the best musical play that ever occupied a Los Angeles stage.

Must not forget to mention TRIXIE FRIGANZA'S whimsical performance. She is delightful and we appreciate the talent she displayed.

The French-heeled and bedimpled beauty chorus, as it is heralded, is a real treat to the eyes. The music is delightful. Louis O. Macloon has been very grateful in offering such pleasing plays to Los Angeles theater-

A complaint charging Harry Cahan, broker, with a statutory offense against Elizabeth Alberson, 17 years of age, was issued yesterday by Dep. Dist.-Aity. Hamner. Cahan is asserted to have posed as Miss Alberson's husband in a love nest in a bungalow court in the 800 block on North Oxford street, where they lived as Mr. and Mrs. H. Crane.

Cahan was arrested the 5th inst. when Mrs. Lydia Alberson of 1129 South Harvard Boulevard complained to the police about him.

ANNOUNCES SPEECH

That the genuine spiritualists' organizations are likewise taking cognizance of the situation is reflected in an announcement that Rev. Myrtle I. Hoagland, pastor of the Church of the Occult Science of Christ, would speak next Sunday at her services favoring the campaign against fraudulent mediums.

FOUR ADMITTED TO BAR
The Second District Court of Appeal yesterday admitted the following attorneys who previously have practiced law in other States to practice in California: John F. made to interview the several score of voluntary witnesses who offered their services and testimony yestering, Illinois; Joseph F. Triska, Illinois, and William A. Monten, Washington.

Inquiry into the documents will be continued tomorrow, inasmuch as today is a legal holiday, the prosecutor announces. At this time, was sentenced to five mont avenue, was entenced to f
